

RC-Soar - Master Index

<https://rc-soar.com/links/masterindex.htm>

A massive directory of useful resources including Clubs and Supplies.

Clubs - UK

- [Burrough Hill](#) Burrough Hill
- [Flying Sites](#) Comprehensive resource R/C resource, with forums, news, articles etc.
- [ESSA](#) East Sussex Soaring Association
- [BMFA](#) British Model Flying Association
- [BARCS](#) British Association of Radio Control Soarers
- [Ivingshoe Soaring Association](#) One of the largest English soaring clubs
- [Tyldesley Model Flying Club](#) Record Breaking Model Club.
- [N. York Moors Ridge Soaring Club](#) North Yorks
- [Northern Ireland Modelling Association \(NIMSA\)](#) Club site with events and contacts info.
- [Meon Valley Soaring Association](#) Slope soaring in Hampshire
- [Leek and Moreland Model Gliding Association](#)
- [Malvern Soaring Association](#) UK based soaring club.
- [Dartmoor Slope Soaring Club](#) Flying gliders on the slopes of Dartmoor.
- [Thames Valley Silent Flyers](#) Glider and electric club.
- [Clwyd Soaring Association](#) All kinds of soaring in North Wales.
- [StormFlyers](#) Slope and DS, Great Orme in Llandudno
- [Red Rose Soarers](#) Model gliding club in Lancashire
- [Whitesheet Radio Flying Club](#) Soaring in SW Wiltshire
- [RVMSA-Ribble Valley Soaring](#) The best soaring in the Ribble Valley.
- [Huddersfield and District MAC](#) Soaring, power and indoor flying.
- [South Midlands Soaring Association](#) South Midlands and Warwickshire
- [Wessex Club](#) Wessex soaring club.
- [Fife Soarers](#) Info on Scottish comps.
- [South Wales Soaring Association \(SWSA\)](#) Competition news and other club info
- [Soar Valley Fliers](#) UK club page

Clubs - USA

- [Torrey Pines Gulls](#) Torrey Pines Gulls information site
- [International Scale Soaring Association](#) Site for large scale glider fans.
- [West Michigan Soaring Society](#) Largest RC soaring club in Michigan.
- [Flying Sites in California](#) With list of soaring sites. Descriptions, directions, photos.

- [Endless Mountain Models/Scale Soaring](#) Scale sailplanes + tow-planes, plus E-zine.
- [La Sierra Slope Soarers](#) Slope and Electric club site. Useful Tips section.
- [Southern California Soaring Clubs](#)
- [Combat with Gliderdude](#) Brian Bates combat site. Pics, and info.
- [ASRO - American Slope Racing Organization](#) Man-on-man and F3F racing in the US.

Clubs - South Africa

- [F3X](#) Midrand Model Soarers - mainly F3B/F3J
- [Atlantic Flying Club](#) R/C Club in Cape Town SA. Lots of material.
- [SA Model Gliding Association](#) Info on the 1999 F3B WC's in South Africa.
- [SA Model Aircraft Association](#) South African Model Aircraft Association

Clubs - Australia

- [Westcoast Soarers Geelong](#) Australian site
- [Moreton Region Sports Soaring Association](#) Australian club.
- [Rebel Flying Club](#) Based in Hexham, Newcastle Australia.
- [Scale Soaring Australia](#) For scale fans
- [Sunset Soaring Club](#) Soaring club located in Sydney.
- [Heathcote Soaring League](#) Sydney, Australia soaring club.

Clubs - Other Countries

- [F3x Eurotour](#) Details of all the F3 class Eurotour events
- [Christchurch Soar](#) Full featured web site for NZ soaring club.
- [RC-Sailplane.com](#) Japanese F3X site, English language option.
- [VelerosRC](#) F3F/F3B e-zine. Spanish language.
- [F3K.it](#) Italian site dedicated to F3K (HLG/DLG)
- [F3J.no](#) Norwegian F3J-site
- [Norwegian F3B-site](#) Norwegian site F3B
- [The World of Taiwan Remote Control Glider](#) R/C in Taiwan
- [Power Scale Soaring Association of Switzerland](#) Pics of Reto and friends' models.
- [Grupo Halcon de Veleros](#) Spanish club site with comp reports and buy/sell.
- [Aeropik](#) Projects for depron, electric, foamies, CNC, PICs. French/English language.
- [Electric Flight in New Zealand](#) Electric Flight SIG of the NZMAA
- [Segelflugsportverein Hassloch e.V.](#) German language.
- [FAI](#) Fédération Aéronautique Internationale. Rules and regulations.

Personal Sites

- [JART World](#) The JART phenomenon
- [Introduction to R/C Gliding](#) Good site for beginners on the slope.

- [David Fee](#) Excellent sections on home moulding
- [Slope Soaring in Ireland](#) Descriptions, maps info on Irish slope soaring locations
- [Andy's World](#) Andy Blackburn's mainly PSS site.
- [Jojo's website](#) Jo Grini's website with diary and good info on the Samba Models Pike, etc.
- [TX2TX](#) All you need to know about buddy box connectivity
- [Geoff's Flying Models](#) Mostly foamies. "I'm just 12 and new to modeling".
- [Gliderking.com](#) Everything for F3X slope-heads from an easy to use web site.
- [Roman Vojtech's Lomcovak](#) All things F3X from Prague
- [Francis Thobois](#) French DIY computer radio with documentation. Fascinating if you like this sort of thing!
- [Oliver Seguin's](#) French site. Lots of reference info, plus plans for CNC foam cutter.
- [Favonius Home Page](#) Very nice site by Graham Woods.
- [Ken Hewitt's PIC page](#) PIC projects for R/C
- [Kevin Newtons F3F Page](#) The place for F3F. Great photos and flying setup tips.
- [Norm Flyer](#) Norman Greene flying mainly electric and PSS in Ireland
- [Slope Soaring Australia](#) Slope aerobatics, tall tales, building tips, new ideas, etc.
- [Phil's Flying Pages](#) News weather and personal pages, by Phil Hayward
- [Laurent Dejonghe](#) Very large scale models, e.g. ASW22 13.2m (1/2 scale), at Cap Blanc Nez.
- [Andy Smith](#) Info on EPP, Building, CNC Cutting, Sailplanes, Photos and Tow Planes
- [Ausslope](#) Slope soaring directory. Find a slope near you.
- [f3j.dk](#) RC-soaring and F3J in Denmark by Peter Mikkelsen. Home of the moulded glider Trinitus.
- [ThudMeister](#) Jerry Craft's site, crash photos, repair techniques, spreadsheets and F3F scoring apps.
- [Olly Capoferri & Tullio Bonfiglio](#) Interesting site from Italy. Dynamic soaring, foam cutting machine
- [Build a CNC foam cutting machine](#) Hardware and software. In French and English.
- [Wolfgang's RC tips, tricks and links](#) tips, tricks and 500+ links etc. German and English.
- [R/C Gliders in Russia](#) F3B & F3J in Russia language. Photos, articles, competition's results etc.
- [Dave Day](#) Good selection of R/C reviews for Futaba, JR, Sanwa, Multiplex.
- [RCNoticias](#) Spanish language site. Interesting looking CNC cutting machine.
- [Slopeflyer.com](#) Dedicated to helping slope flyers in the US.
- [Team Swillers](#) Mark Passingham's F3F site.
- [Doug Turner's Website](#) Fun site with for DS and F3F plus amusing non R/C stuff.
- [Jacques Anziani's HLG site](#) Technical, hits and tips and reviews about HLG.
- [Vitaly Puzrin](#) PIC and other electronic projects in Russian and English
- [Neil Gilles](#) Neil's CNC software for Mac, and backup s/w for mc3030.
- [Don Millers page](#) Watch a slide show of Don's aerial pics set to music.
- [Stefan Marti's Free Flying Micro Platform](#) autonomously hovering microhelicopters.

- [Michael Lachowski](#) Introduction to the popular RCSE soaring list.
- [Olivier Bordes](#) French F3F page.
- [Steve Cooper's "SandalWeb"](#) Soaring holidays in Spain, mugshots and fun.
- [Brett Jaffe's home page](#) R/C Slope and Power
- [Toine.Martens Page](#) Lively Dutch R/C Site.
- [Pierre Rondel's R/C Soaring Mag](#) Nice French e-zine with reviews.

Manufacturers

- [RCRCM](#) - China-based moulded sailplane manufacturer
- [Jiri Tuma](#) manufacturer of F3X models
- [Spektrum RC](#) 2.4 GHz r/c
- [Multiplex RC](#) Europe's premier R/C manufacturer.
- [Mugi Combat Glider](#) Plans for clever Correx model delta.
- [T9 Hobby Sport](#) UK provider of F3X and sport mouldies
- [Tud Modelltechnik](#) Home of the Freestyler, Aspirin and other Herrig designs
- [F3X.EU](#) Vaclav Vojtisek - home of the Ascot F3B/F3F
- [Dave Elam's "F3F" Apparel](#) F3F clothing at Cafe Press
- [ZAP products](#) The famous adhesives manufacturer
- [Slope Blasters](#) James Hammond's moulded models including the Vector III aerobatic.
- [North County Flying Machines](#) Manufacturers of top quality EPP slope hotwings
- [Tom Martin Radio Control \(TMRC\)](#) Slope Scale, Thermal Duration plans and parts.
- [Falcon Model](#) F3F models by UK manufacturer Alex McMeekin
- [Thomas Nothdurft Model Technology](#) Moulded DS manufacturer; CNC milling services.
- [EPP Hobbies](#) EPP supplier for hobbyists in Europe. Based in France
- [Webershock Development](#) Martin Webershock's F3X designs
- [Richter](#) Home of the Weasel, Alula flying wing and other designs
- [Foamcraft](#) Seller of EPP foam in hobbyist quantities
- [Servo Mounting Frames](#) For wing servos, from Craig Greening
- [Foamwings.co.uk](#) UK Foam wing manufacturer. Get a quote on line.
- [Radio Carbon Art](#) Paul Naton's silent flight videos and DVDs.
- [Eclectic Products](#) Manufacturers of Goop glue.
- [Schulze](#) Chargers and receivers
- [Steve Drake R/C](#) Foamie Slope Racers/DS
- [Espen Torp](#) Espen Torp's F3x models
- [Superskeg.com](#) Unbreakable polyethylene Skegs and Skids. Winch kits and turnarounds
- [Samba Models](#) Home of the Pike.
- [Jaro Muller](#) Specs and construction diagrams for famous range of moulded models.
- [Envision Design](#) Essential site for scratch designers. Plane Geometry and Linkage packages.

- [Miniature Autopilots](#) Miniature autopilots for UAV's.
- [Minicraft Tools](#) Good site from major manufacturer of drills and tools.
- [Aveox](#) E-flite motor manufacturers, top-notch web site.
- [FMA Direct](#) Direct sales of airborne stuff. Informative site.
- [Volz](#) Innovative servo manufacturer.
- [Hitec](#) Radio control manufacturer.
- [Kennedy Composites](#) Competition F3J, F5J and AMA Thermal Duration Sailplanes
- [Waldmeyer Technologies](#) CNC kits for those who like their gliders built-up from plans.
- [DemonWing](#) EPP slope soarers - made in the UK.
- [Composite Models F3K](#) Makers of the Gladiator DLG
- [ACT Europe](#) Manufacturers of receivers and other electronics
- [Valenta Model](#) Prague-based mouldie manufacturers - Thermik, Dragon, Dogan and more
- [Wowings](#) Australian manufacturer of EPP models
- [Foamworks](#) New Zealand EPP kit manufacturer and custom CNC foam wing cores
- [RnR Products](#) Manufacturers of Millenium, Synergy and Eagle.
- [Fibretech](#) Suppliers of composite materials
- [Carbon Copy](#) Suppliers of GRP and Carbon parts
- [Edge RC](#) Foamie manufacturer
- [Aeromod](#) Manufacturers of Miraj, Voltij, and anything ending in J
- [Hilaunch.com](#) Accessories for sailplane builders
- [Servo Frames](#) Craig Greening's wing servo mounts
- [Denveralde](#) Backup software for the Multiplex 4000
- [EPP Fun](#) German EPP manufacturer
- [Eagle Tree Systems](#) Flight Data Recorder data logging products
- [Grasshopper](#) Unique spring powered winch for launching small sailplanes."
- [RealityCraft](#) Flight Simulators
- [Midwest slope](#) Home of the Foam-one 60 inch slope pylon racer
- [Tuff Planes](#) Glider kit manufacturer.
- [Raydiowarm](#) UK manufacturer of transmitter mitts and customised wing bags.
- [Vortex-Vacforms \(Warbirds Unlimited\)](#) accessories. for EPP-PSS-Electric warbirds.
- [Breta Model](#) Moulded models including the Nyx, Hades.
- [Combat Wings](#) Makers of XR Combat Wing and XE Speed 400 electric wing.
- [Prodesktop](#) CAD software, 3d & 2d.
- [WingWarrior](#) Manufacturer of combat and electric wings in Southern California.
- [Custom electronics](#) R/C Microcontroller projects and finished units
- [Sylglass](#) Perfect hinge material for UK modellers
- [VVMModel](#) Designer and Manufacturer of the Sting. With model setup notes. Czech language
- [Micron Radio Control](#) UK based manufacturer of receiver kits.

- [Castle Creations](#) US manufacturer of electronic speed controls.
- [DJ Aerotech](#) Manufacturers and distributors of full range of soarers. Nicely laid out site
- [Peck Polymers](#) Depron and Free-Flight kits and materials. Simple quick-loading site.
- [Airworld](#) Backup software for the MPX mc3030.
- [Cevennes Concept Modelisme](#) French / English site by Georges Girard.
- [Ikarus](#) German manufacturers of miniature e-flite motors, helis and gyros.
- [Sanyo Batteries](#) NiMH and NiCd battery info sheets
- [Ziegelmeier Enterprises](#) Manufacturer of towhooks, skids, skags, and horns.
- [Astro Flight](#) E-flite motors - and tax reform.
- [Airtronics](#) Makers of the Stylus radio.
- [Compufoil](#) Commercial airfoil plotting software.
- [Futaba USA](#) R/C manufacturer.
- [Hanley Innovations](#) NACA airfoil plotting software.
- [Northeast Sailplane Products](#) Handlaunch, Electric, Slope, Thermal and Scale products.
- [Phoenix Model Products](#) UK manufacturer of EPP and foam/balsa soarers
- [Trick R/C](#) Home of the ZAGI

Distributors and Retailers

- [SlopeRacer.co.uk](#) Distributor of Stings, Acacias and other racing models
- [Slopesoaring.co.uk](#) Steve Clutterbuck's X21 site
- [Cubitts Models](#) For all things R/C
- [Aurorra](#) Nice web site by UK distributor of R/C electronics and batteries
- [Soaring USA](#) Distributor of gliders and electric77
- [Punctilio Model Spot Ltd](#) UK's largest Multiplex stockists, with very complete product info.
- [Soarhigh Group](#) UK's leading stockist of F3X mouldies.
- [South Coast Sailplanes](#) UK based retailer of continental gliders and electric
- [Andy's Hobby Shop](#) From Germany, good source of servos and R/C. Accepts credit cards.
- [Servo City](#) R/C components. On-line ordering with stock status. (USA)
- [Electric Flight Store](#) Excellent online e-shop for e-flight. Lots of e-heli stuff.
- [F3X.COM](#) Tom Copp's shop for F3F, F3B and F3J imports. Lots of tips.
- [Multiplex USA](#) US Main distributor of Multiplex radios.
- [Aero-model Inc](#) Distributor of competition, Electric Sailplanes, Fun-Fly models and Scale models.
- [Knife Edge Software \(Real Flight\)](#) Creators of Real Flight sims. Comprehensive web site.
- [Shesto](#) Purchase tools on-line from well known UK supplier.
- [Overlander](#) UK's premier battery suppliers.
- [Tower Hobbies](#) Giant US distributor. Superb site, fully e-commerce enabled.
- [Tun Modellbau](#) Swiss distributor of F3X models. Includes downloadable setup sheets.

- [ModelPower](#) UK Supplier of rechargeable batteries
- [Puffin Models](#) UK dealer for RCM-Pelikan glider kits and UK distributor for Model Motors.
- [California Sailplanes](#) US distributor for Canterbury Sailplanes and more
- [Beeline Models](#) Suppliers of Depron and indoor materials
- [Jess Nicholls](#) UK distributor of moulded gliders.
- [Woolmer Composites](#) UK suppliers of pre-formed carbon components.
- [Hollein](#) German manufacturer/retailer of electric and gliders.
- [Aeronaut](#) German distributor of e-flite and gliders.
- [Craftfoam](#) UK Source for expanded polystyrene foam.
- [Micro Flight USA](#) Online retailer of Electric Micro Helicopters.
- [Godalming Radio Control Models](#) Mostly 2nd hand kits now but lots of it!
- [R/C Direct](#) Product range includes Volz and Ikarus.
- [Jess Nicholls](#) Distributor of Star- series all-moulded models from Central Europe
- [Graupner](#) Major German manufacturer/distributor of all things R/C
- [Hobbico](#) Major US importer/distributor
- [Ripmax](#) Terminally tedious site from the UK's largest distributor.
- [Canterbury Sailplanes](#) NZ based retailer with on-line ordering facilities
- [Euromodell](#) Information and prices for Jaro Muller models.
- [Hobby Club](#) General R/C Dealer, on-line ordering. Multiplex dealers.
- [Sky Bench Aerotech](#) Mail order retailer in Washington MI.

DLG

- [DLG Supplies](#) Imported and home grown goodies for DLG'ers
- [F3K.co.uk](#) The place to go for DLG info in the UK
- [TMR Model](#) Good DLG links
- [Horejsi Model](#) DLG models from the Czech Republic

Search Sites etc.

- [Alan's Hobby Web Links Page](#) Comprehensive directory of R/C links from NZ.
- [Xfoil](#) Interactive program for the design and analysis of subsonic isolated airfoils.
- [Tower Hobbies R/C Directory](#) Comprehensive links.
- [UIUC Airfoil Data Site](#) Michael Selig's airfoil warehouse
- [The Complete RC Websites Index](#) the R/C Electronics pages are a work of art.
- [RC Model Flyers](#) RC Links Site
- [Phoenix Club \(Lowestoft\)](#) Includes comprehensive UK links page
- [RC Portal](#) General R/C aircraft site with links, reviews, chat, classifieds etc.

Aerial Photography

- [RC-CAM.com](#) Video-downlinking and autonomous flight of rc-models.
- [MLB](#) Amazing miniature spy planes
- [HiCam](#) Australian aerial photography outfit - very nice site.
- [Controller for Kodak 3400](#) by Chad Phillips
- [Wireless Video](#) Wireless video with online store
- [George Malina's KAP](#) Kite aerial photography.
- [Cyberflight Ltd](#) London based commercial UAV's
- [Plane Talk](#) Airborne Video Systems for UAV's, RPV's & R/C Aircraft.
- [Don Millers page](#) film cam system plus aerial pics.
- [R/C Aerial Photography](#) Commercial aerial photography.

Piccolo and Electric

- [Electric Lite Heli](#) Home of the ARK X-400. Great personal service from Paul
- [RCMicroFlight](#) RC MicroFlight, leading on-line e-zine for slowflyers, parkflyers.
- [The E Zone](#) Dynamic and omprehensive site for electric flight.
- [Paul Goelz's Piccolo Page](#) Essential info for Piccolo builders
- [Matt's Micro R/C Planes](#) Tiny electric stuff.
- [Robert Lee's Piccolo Blades](#) Carbon fibre blades for the Piccolo

Books, Magazines and Videos

- [RCSD](#) Famous monthly publication is now on-line and free (pdfs).
- [Reese Productions](#) RC Slope & Dynamic Soaring Videos
- [Endless Lift](#) Home of the Endless Lift soaring videos site.
- [Wind Canyon Books](#) Aviation publisher selling directly from their web site.
- [Airage Publications](#) R/C and aviation magazines.
- [Dynamic Modelling](#) Don Edberg's R/C Books
- [Traplet](#) QFI, RC Model World
- [R/C Modeller](#) General R/C magazine
- [Quiet Flyer](#) Sailplane and Electric magazine

Miscellaneous

- [Mallard Metals Ferrous](#) and non-ferrous metal suppliers
- [Buckles and straps](#) from Ace Supplies
- [Slope Soaring Simulator \(SSS\)](#) A realistic slope soaring simulator
- [BarkWeb](#) ISP and web design services - with F3F attitude!
- [Aeromodelisme.be](#) Very nice aeromodelling site. French language.
- [HM Gov Intellectual Property Guidelines](#) FAQ on copyright issues.
- [This To That](#) All about glue.

- [Model Flight Simulator \(FMS\)](#) Good freeware model flight simulator.
- [Fatlion](#) Excellent resource for beginners in R/C soaring
- [French R/C Portal](#) A french gate about modeling with board, news, chat and links.
- [Glue It.com](#) General R/C Info
- [NiCd Battery FAQ](#) everything you need to know about your Nicads.
- [Parallax](#) Stamp microcontrollers as used in [aerial photo project](#)
- [Electronic Gadgets for Radio Control](#) Projects for alarms, chargers, cyclers etc
- [Foam Cutting Machine](#) How to build an NC controlled foam cutter.
- [Expanded Polystyrene Supplies](#) sell a range of products suitable for model-making, as well as designing large scale models for exhibitions, etc

General Aviation

- [RCV Engines](#) Innovative rotating cylinder valve 4-strokes.
- [Eta](#) The largest sailplane in the world.
- [Antares Electric Glider](#) Fascinating Electric Glider site
- [Burt Rutan's Scaled Composites](#) Air vehicle design, tooling, and manufacturing.
- [Deltaweb Aviation Website.](#) Full-size airshows.

Weather

- [Weather.co.uk](#)
- [UK Weather \(BBC\)](#)
- [5-day London \(BBC\)](#)
- [XC Weather](#) real time wind/weather
- [Met Office 5-city](#)
- [Metcheck](#)

Web Forums/Groups

- [RC Groups](#) General R/C
- [RC Universe](#) General R/C

RC-Soar
